HOBBIES

- Learning new Technologies
- Sports (Kho - Kho)

AREA OF INTEREST

- Web Development

ABOUT

I am a motivated computer engineering student who loves learning new technologies. I am sincere, hardworking and always strive to do my best. I continuously improve my skills to keep up with industry trends. I am eager to use my abilities and enthusiasm in a forward-thinking organization where I can grow and make a difference.

PROJECT

- **Weather Application**

link: <https://github.com/Rutva-Patadiya/Weather-Website>

This Weather application provides users with real-time weather updates for any specified location. Users can enter a city name or use their current location to receive weather information, including temperature, humidity, wind speed. In which I have used Weather API.

- **Portfolio Website**

link: <https://github.com/Rutva-Patadiya/Portfolio-Website>

This portfolio website showcases my skills and projects in a visually appealing manner. It serves as an online resume and portfolio.

SKILLS

- HTML
- CSS
- Javascript
